5 dars

Savol javob bolimi:

---> data preprocessing haqida

---> mean va drop usuli

Data Preprocessing

---> 3 turga bolinadi, **missing, encoding, scaling**

---> Encoding obejectni numerical holatga otkazish

---> encoding turlari --> one-hot, label encodingfrequency encoding, target encoding, ordinal encoding

---> one-hotda -->

dommies ->suniy data

concat --> datalarni birlashtirish
